

Why Doggie Daycare?

We know you love your dog & you feel guilty everyday when you have to leave them home alone. We're offering you the alternative to all that guilt! At Paws Dream Doggie Daycare we will give your dog hands on love when you can't.

Many dogs experience separation anxiety if they have to be alone all day. They may destroy furniture, bark nonstop or have accidents among others.

Paws Dream Doggie Daycare will allow you guilt free workdays. You will notice your dog very relaxed & happy after a day of playing in our indoor/outdoor play area. Your dog will be able to wrestle around with other dogs to get rid of all that pent up energy & will be happy just snuggling on the couch when they return home & not have to take you out for that long walk! We know that they need their rest as well so be assured there will be nap time in the afternoon. Of course not before a little treat and some TV time (Animal Planet of course!)

The most beneficial part of dog daycare of course is that dogs learn how to socialize around one another. The end result of course being a well rounded dog both with interaction of their peers & humans!

Top 10 things a dog must remember:

- #10 Kitty box crunchies although tasty are NOT food
- #9 When at the beach, I will NOT roll on dead seagulls, fish, crabs, etc., no matter how good they smell
- #8 I will NOT chew crayons or pens, especially the red ones, so that when I throw up my people will not assume I'm hemorrhaging
- #7 When in the car, I will NOT insist on having the windows rolled down on rainy days
- #6 I will NOT steal Mom's underwear and dance all over the backyard with it.
- #5 I will NOT consider rolling around in the dirt a necessity first thing after a bath
- #4 The cat is NOT a squeaky toy, so when I play with him and he makes that noise, it's usually not a good thing
- #3 The garbage collector is NOT stealing our stuff
- #2 I will NOT consider the toilet bowl a magical, never ending water supply, in spite of clear evidence that it is
and the #1 thing a dog must remember...
- #1 I will remember that sticking my nose in someone's private area is NOT an acceptable way to greet visitors
